

INDEX TO VOL. 58,

NEW SERIES.

- Adipose lobe of the pelvic fin of the salmon, by E. W. Shann, 703
- Agar on segmentation and differentiation of chromosomes, 285
- Aphis of the apple tree, the apterous viviparous female of the, by Davidson, 653
- Assheton, Richard, on two new species of *Loxosoma*, 117
- Assheton on gastrulation in birds, 145
- Barratt, Wakelin, changes in Chondriosomes occurring in pathological conditions, 553
- Birds, gastrulation in, by Assheton, 145
- Chondriosomes, pathological changes in, by Wakelin Barratt, 553
- Chromosomes, segmentation and differentiation of, by W. E. Agar, 285
- Davidson, J., on the structure and biology of *Schizoneura lanigera*, the woolly aphis of the apple-tree: Part I, The apterous viviparous female, 653
- Debaisieux, G. on experimental hybridisation of *Echinus miliaris*, *esculentus* and *acutus* 325
- De Morgan and others on hybrid echinoids, 337
- Earthworm, nematodes of, by Johnson, 605
- Echinocardium, result of crossing with *Echinus esculentus*, by MacBride, 299
- Echinoid hybrids, by Shearer, De Morgan and Fuchs, 337
- Echinus, effects of hypertonic solutions upon the fertilised eggs of, by Gray, 447
- Echinus hybrids, segmentation of, by Doncaster, 483
- Echinus, methods of producing artificial parthenogenesis in, by Shearer and Lloyd, 523
- Echinus miliaris*, *esculentus* and *acutus*, experimental hybridisation of, by Debaisieux, 325
- Edgeworth, Prof. F. H., on the afferent ganglionated nerve-fibres of muscles innervated by the fifth cranial nerve, 593
- Fibres of Reissner, structure and development of, by George E. Nicholls, 1
- Fuchs and others on hybrid echinoids, 337
- Ganglionated nerve-fibres of muscles innervated by the fifth cranial nerve, by Edgeworth, 593

- Gastrulation in birds, by Assheton, 145
- Gray on the effects of hypertonic solutions upon the fertilised eggs of *Echinus*, 447
- Grosvenor, G. H., on the life-cycle of *Moina rectirostris*, 511
- Haddon, Miss Kathleen, on *Herpylobius arcticus*, 385
- Hæmogregarines of lizards, by Woodcock, 172
- Halteridium, nuclear structure of, by Woodcock, 215
- Herpylobius arcticus*, by Kathleen Haddon, 385
- Hybrids of *Echinus*, early segmentation of, by Doncaster, 483
- Hybridisation, experimental, in Echinoids, 299, 325, 337
- Immunity to Leishmaniosis in rats and guinea-pigs, by Visentini, 373
- Johnson, Gilbert E., on the nematodes of the common earthworm, 605
- Kala-Azar, *Leishmania* of, by Visentini, 353
- Karyolysus lacertæ*, by Woodcock, 172
- Leishmania* of Italian kala-azar, by Dr. Arrigo Visentini, 353
- Leishmaniosis, the transmission of, by means of cultures, by Visentini, 373
- Leucocytosoon, nuclear structure of, by Woodcock, 215
- Lloyd, Miss Jordan, and Cresswell Shearer, on methods of producing artificial parthenogenesis in *Echinus esculentus*, 523
- Loxosoma*, two new species of, by Assheton, 117
- MacBride, Prof., on the result of, crossing *Echinocardium cordatum* with *Echinus esculentus*, 299
- Mitosis, the problem of, by C. F. U. Meek, 567
- Meek, C. F. U., on the problems of mitosis, 567
- Moina rectirostris*, life-cycle of, Grosvenor and Geoffrey Smith, 511
- Nematodes of the common earthworm, by Gilbert E. Johnson, 605
- Nerve, fifth cranial, ganglionated nerve-fibres of muscles innervated by, by Prof. Edgeworth, 593
- Nicholls, Professor George E., on the structure and development of Reissner's fibres, 1
- Parthenogenesis, artificial, in *Echinus esculentus*, by Shearer and Lloyd, 523
- Pathological changes in chondriosomes, by J. O. Wakelin Barratt, 553
- Phoronidea, two new species of, from Vancouver Island, by Miss Pixell, 257
- Pigeons, hybrid, spermatogenesis in, by Geoffrey Smith, 159
- Pixell, H. L. M. on two new species of Phoronidea from Vancouver Island, 257
- Potts on stolon formation in *Trypanosyllis*, 411
- Rearing parthenogenetic plutei through metamorphosis, by Shearer and Lloyd, 523
- Reissner's fibres, structure and development of, by George E. Nicholls, 1
- Rockling, dorsal vibratile fin of, by Stuart Thomson, 241

- Salmon, adipose lobe of the pelvic fin of, by Edward W. Shann, 703
- Schizoneura lanigera, structure and biology of, by J. Davidson, 653
- Segmentation, early stages of, in Echinus hybrids, by Doncaster, 483
- Sex, experimental analysis of, by Geoffrey Smith, 159
- Shann, Edward W., on the anatomy and histology of the adipose lobe of the pelvic fin of the salmon, 703
- Shearer and Lloyd, on methods of producing artificial parthenogenesis in Echinus esculentus, 523
- Shearer and others on hybrid echinoids, 337
- Smith, Geoffrey, and G. H. Grosvenor on the life-cycle of *Moina rectirostris*, 511
- Smith, Geoffrey, studies in the experimental analysis of sex: Part 9, on spermatogenesis in hybrid pigeons, 159
- Spermatozoa, giant, in hybrid pigeons, by Geoffrey Smith, 159
- Sporozoa, notes on, by Woodcock, 172
- Stolon formation in *Trypanosyllis*, by Potts, 411
- Tensor tympani and tensor veli palatani, the innervation of, by Edgeworth, 593
- Thomson, Stuart, on dorsal fin of *Mustella*, 241
- Trypanosyllis*, stolon formation in, by Potts, 411
- Visentini, Dr Arrigo, on the morphology of the *Leishmania* of Italian kala-azar, 353
- Visentini, Dr. Arrigo, on the transmission of Leishmaniosis by means of cultures, 373
- Woodcock on sporozoa, 172
